For detailed information on our upcoming conferences, please visit: <https://gcbme.org/upcoming-conferences>

Our immediate past, the 9th Global Conference on Business Management and Economics 2022 was successfully concluded on September 24, 2022, in Vancouver, Canada. This conference proved to be an excellent opportunity to meet and network with delegates from around the world in the areas of Security and Integrity, Secure Cloud Architecture, CIA triad, Virtualization, Data Recovery, and Backup, International Business, Digital Piracy, Security and many more.

Thank you for considering attending our Global Conference on Cyber Security and Cloud Engineering (GCCSCE), Vancouver. Participants should benefit from conference presentations exploring cutting-edge reviews and investigations in basic and applied research. A wide scope of participation will enrich our conference and help us all add significant value and experience to our shared research objectives. Beautiful British Columbia is waiting, and we are looking forward to meeting you at the Global Conference on Cyber Security and Cloud Engineering (GCCSCE) 2022!
